Learn to Drive with Bakers Coaches/bakerbus

Looking for a ticket to 'see the world?' Take the first step in your travel career by learning to drive a coach.

If you love meeting people every day and at the same time would like to drive a large bus or coach then we have the answer. Learning to drive a bus or coach could be the first step to becoming a continental coach tour driver, potentially visiting every western European country accessible by road.

The process starts when you obtain your provisional PCV licence and a medical to ensure you are fit and well to drive. (Medical screening is available from the company doctor—current charge is £85.00).

From this point you're all set to undertake an exciting training programme that will soon see you behind the wheel of one of our extensive fleet of vehicles.

Training is conducted in our Volvo training bus. All courses include every aspect of driving a larger passenger carrying vehicle, including rules and regulations concerning the use of Tachographs.

Experience has shown that success in the PCV test is maximised by a "hands on approach" rather than "classroom" time. A certain amount of classroom work is necessary but there is no substitute for actual driving. This practical experience will give you the best chance of success in your test.

Once you have obtained your medical and your provisional PCV D licence, we offer a practical driving assessment at a cost of £40.00 (including VAT) which is refundable if you then continue to have lessons with us.

The length of your training course will be determined by the practical driving assessment. This way we know exactly how much training you require and we can tailor the course specifically to meet your needs and requirements.

On your way…….

As one of the premier bus and coach operators in North Staffordshire and South Cheshire, we are able to offer competitive rates in order to aid your training experience in the coaching industry.

A brief summary of 2011 prices are shown below:

	1 day	2 days	3 days	4 days	5 days	10 days
